The Division for Rehab Service's Vocational Rehabilitation Program helps people who have disabilities prepare for, find, or keep a job. Gaining skills needed for a career, learning how to prepare for a job interview, or getting accommodations needed to stay employed are just a few of the ways the program helps people with disabilities increase productivity and independence. There are many services available to eligible clients. These services are provided based on individual needs and may include: counseling and guidance; assistive devices; training to learn appropriate work behaviors; job placement assistance and follow-up after placement. Field offices are located in Carrollton, Corsicana, Dallas, Denton, Duncanville, Garland, Greenville, Irving, Lewisville, McKinney, Plano and Sherman.

Clientele: HIV-positive

Provides comprehensive HIV testing and prevention, intake services, outpatient medical care and treatment assistance, and a wide range of case management and advocacy programs to increase at-risk and HIV-positive individuals' access to medical care, treatment and support services. Specialized case management programs include those for the GLBT community, Hispanics, African Americans, women, youth and families; those with criminal justice histories, and those dually diagnosed with substance abuse and mental illness. All AIDS Arms programs work closely with community organizations throughout North Texas to provide the best possible access to care, education and support for HIV-infected individuals and their families, partners and caregivers. Provides linkage with medical care, treatment assistance, dental services, housing, transportation, food and meal delivery, counseling, substance abuse treatment, disability and financial assistance, government benefits, financial and legal planning, education and risk reduction, volunteer programs, and caregiver support. All case management programs are free and available at four locations in Oak Cliff, Oak Lawn, South Dallas, and Central Dallas. Home visits are available for those unable to drive. Community prevention services and education available at no charge to groups and individuals. Spanish, French, American Sign Language and African dialect interpreters are available at all locations.

Provides comprehensive outpatient medical care for HIV-positive individuals with complete programming to support patients and those at risk for infection. In addition to medical care, the Center provides free and confidential HIV testing and counseling, prevention and risk reduction, ophthalmology and psychiatric services; and a treatment assistance program that supports individuals struggling to pay for medications. The clinic offers complete medical care for women, including well woman exams and family planning. All AIDS Arms prevention, testing, intake and case management programs are available free of charge. Sliding Scale fee is available for medical care for those living above financial eligibility guidelines. Medicaid and Medicare insurance accepted. Located one block east of IH 45 and Martin Luther, King, Jr. Boulevard, behind the Forest Theater. Early evening appointments available on first and third Mondays. Spanish Speaking staff available.
